

The University of Colorado at Boulder

DEPARTMENT OF PHYSICS

ASSISTANT PROFESSOR IN EXPERIMENTAL HIGH ENERGY PHYSICS

The Department of Physics at the University of Colorado at Boulder invites applications for a tenure-track Assistant Professor position in Experimental High Energy Physics to start August 2008.

Candidates with research interests in any area of the field will be considered. At present, members of our group are involved in the BaBar, CMS, MiniBooNE, and T2K experiments as well as plans for the International Linear Collider. The successful candidate is expected to establish a vigorous research program and to teach at the undergraduate and graduate levels. Applicants should submit a current curriculum vitae and a summary of current and proposed research, and should arrange to have at least three letters of reference sent directly to:

Experimental High Energy Search
Department of Physics, 390 UCB
University of Colorado
Boulder, CO 80309-0390

For full consideration all application materials, including letters of reference, should be received by December 3, 2007. However, applications will continue to be reviewed until the position is filled.

The University of Colorado at Boulder is committed to diversity and equality in education and employment. In that spirit, applications at all levels will be considered from those who would strengthen the Department's diversity. See www.Colorado.edu/ArtsSciences/Jobs/ for full job description.

For further information, contact Prof. Eric D. Zimmerman (edz@colorado.edu).
